Competition Benefits

- Winners receive free office space for one year in one of the 12 Technium innovation centres together with an intensive international touchdown support package;
- Country finalists are invited to attend a Learning Journey to Wales in June 2010 (including complimentary business class flights);
- All applicants receive guidance and support for developing an International Business Plan.

Eligibility

The 2009/10 competition is open to science or technology-based businesses residing outside of the UK and within the following participating countries: Australia, Austria, Canada, China, France, India, Liechtenstein, New Zealand, South Africa, Switzerland and the USA.

Applications from the following countries will also be considered: Brazil, Japan, Mexico, Russia, Spain and South Korea.

How to Apply

Go to www.technium.co.uk/challengeinternational to find out more about the 2009/10 competition programme or contact Mari Arthur mari@technium.co.uk.

Technium Challenge is a business planning competition hosted by Technium. Supporting the growth of emerging technology businesses. Technium is supported by the Welsh Assembly Government and European Union Convergence funding.
